PROFILE

Passionate Fullstack Developer with 1 years of experience creating efficient, scalable, and user-friendly web applications. Armed with a solid foundation in HTML, CSS, and JavaScript, I am committed to creating engaging and user-friendly websites. A quick learner with an eye for detail, I am excited to contribute my creativity and technical skills to build immersive online experiences.

WORK EXPERIENCE

Junior Frond End Developer

[selvalr](#)

2022-Present

- Coordinate with a team of five web developers to design scalable database applications for clients, conduct code changes in HTML and CSS, and develop stems to import 1M records into a new database
- Provide support for the implementation of E-commerce websites, including wireframing, front-end development, mobile application development, and user interface design

PROJECTS

Portfolio Website

Github Link

Aug-2023

- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript.
- Implemented smooth scrolling, interactive animations, and showcased project details.

EXTRA CURRICULAR

- Participated Guinness World Record Attempt on 'The Largest Recycling Lesson'
- Participated in C programming Certificate Course
